Letter of Support for Big Bear Cafe

For the 1700 1st Street, NW
Zoning Map Amendment Application

To Whom It May Concern:

I have signed this petition in support of the zoning application for 1700 1st Street, NW (the "building") because I believe such a light-commercial/mixed use at this location significantly benefits the local community. I believe the commercial use at this location naturally conforms and contributes to the surrounding urban landscape, and offers vibrancy that helps to positively shape the neighborhood's identity.

I understand that the current use of the building exists as a non-conforming commercial/mixed-use as a restaurant/café/market, and a residence on the 2nd floor. This building has been a commercial/mixed-use building since it was built over 100 years ago, and it was built with the physical features of a commercial building clearly expressing its intent. With the approval of a zoning map amendment application the Building will be rezoned to reflect its light commercial/mixed-use character.

Also, with the approval of a map amendment zoning change the legitimacy of the Building's non-conforming Certificate of Occupancy, the restaurant license for the Big Bear Cafe, the Sidewalk Café permit, and the Class C Alcohol license for the Café can no longer be put into question.

We urge your favorable consideration of this application, and we believe in the positive contribution the Big Bear continues to make in our community.

Thank you very much-

Letter of Support for Big Bear Cafe

For the 1700 1st Street, NW
Zoning Map Amendment Application

WALK 1/2 Drive
4 3 9

To Whom It May Concern:

I have signed this petition in support of the zoning application for 1700 1st Street, NW (the "building") because I believe such a light-commercial/mixed use at this location significantly benefits the local community. I believe the commercial use at this location naturally conforms, and contributes to the surrounding urban landscape, and offers vibrancy that helps to positively shape the neighborhood's identity.

I understand that the current use of the building exists as a non-conforming commercial/mixed-use as a restaurant/café/market, and a residence on the 2nd floor. This building has been a commercial/mixed-use building since it was built over 100 years ago, and it was built with the physical features of a commercial building clearly expressing its intent. With the approval of a zoning map amendment application the Building will be rezoned to reflect its light commercial/mixed-use character.

Also, with the approval of a map amendment zoning change the legitimacy of the Building's non-conforming Certificate of Occupancy, the restaurant license for the Big Bear Cafe, the Sidewalk Café permit, and the Class C Alcohol license for the Café can no longer be put into question.

We urge your favorable consideration of this application, and we believe in the positive contribution the Big Bear continues to make in our community.

Thank you very much-
